Why you applied for the PM Training:

I want to be part of what it takes to make our Directorate a winning team with CMM Level 2 rating. The focus on achieving CMM level 2 rating is Project Management (repeatable).

How would you rate the quality and content of the training you received:

The overall quality and content of the training were excellent. Although the instructors training skills and styles varied, they all knew their subject matter and had successful project management experience.

How do you anticipate using your new skills:

Although my role and responsibilities have not been clearly defined, I know I can apply what I have learned in a constructive way to help us be a winning team with CMM level 2 ranking.
